## **Order Form**

### Tick this box if you would like to order hup! walls with your roof

### hup! Wall Specification:

### 1. Footprint

Please draw the footprint of your building marking each elevation A, B, C, D etc. You should **use the base datum** which lines up with the external of the Ultrapanel clips - wall finishes and battens will overhang the base. See specification guide for more details.

Please note hup! walls will protrude at least 45mm (25mm for battens, plus c15mm depending on claddings) outside of your base so that the wall finishes (claddings) will be ventilated. All critical dimensions will be confirmed before order stage.

# Order Form

### 2. Elevations

Please draw each elevation of your hup! walls marking the elevations clearly with A, B, C, D etc. Include window and doors sizes and distance from the eaves as well as the floor clearly.

Tick this box if you require the cable management panel which is supplied on all panels.

### **Order Form**

#### 3. Wall Finishes (Claddings)

Please tick the box to confirm which elements of the walling kit you will require to be supplied by Ultraframe

### None - I am supplying my own
